

Division J-24 - Educational Presentation

Friday

9:00 a.m.

1. An opportunity for 4-H'ers to personally demonstrate their communications skills by presenting knowledge, information, or a process to gain a desired response from an audience. Educational presentations should be appropriate and should be an outgrowth of his/her 4-H experience.
2. The topic of the educational presentation should determine the length, but Intermediate and Senior presentations should not exceed 20 minutes. Junior and Discovering presentations should not exceed 15 minutes.
3. 4-H'ers giving presentations involving food must be concerned about safe handling of the food they are using. 4-H'ers should use sanitary and safe procedures and methods at all times. This is tremendously important if samples are available to the viewing public. Appropriate storage of the food items and the sanitary handling of the food must be demonstrated by the 4-H'ers. Plastic gloves and hairnets are just a couple items that should be considered and used as appropriate.
4. Presenters are expected to comply with all copyright/trademark regulations. Copyrighted material may not be distributed without permission.
5. The composition of the presenters can be any combination of eligible Junior, Intermediate, and Senior 4-H'ers. A team consisting of youth that are of mixed ages must be entered in the class of the oldest team member.
6. Participants will receive a scheduled time to present their educational presentation.
